# ISLAND STONE WELCOMES JEFF NIBLER AS NEW CHIEF OPERATIONS OFFICER AND PRESIDENT OF SALES

(Santa Cruz, CA,  
November 6, 2018)

**Island Stone**, known for its range of glass, stone and wood tile that reflects nature's raw appeal, announces the appointment of Jeff Nibler as its new COO and president of sales, effective immediately. In his new role at the company's Santa Cruz, California headquarters, Nibler will apply his collaborative approach to problem solving in helping Island Stone's sales team provide the highest level of customer service, sales, and product quality to their customers. His focus will also center on perfecting product launches and elevating internal organization.

Nibler brings 16 years of experience in the tile industry to Island Stone, having worked his way up through inside sales, customer service, outside sales, management, and, finally, vice president of sales for a San Diego-based glass tile company. A graduate of Oregon State University with a degree in business administration and focus on management information systems, Nibler's passion for customer service will make strengthening dealer

relationships a priority as he continues to make the seamless transition to Island Stone.

"Jeff's leadership and unique skill set will strengthen our team and brand, and we're excited to support him as he forges a new path in helping us make and get some of the coolest tile product in the industry into the hands of our customers," says Paul Sepulveda, National Sales Manager of Island Stone.

### ABOUT ISLAND STONE

**Island Stone** took root in Indonesia, where company founders were inspired by the nation's handicraft industry and natural stones to create the flagship **Perfect Pebble Tile**. The company's original mosaics diversified into various other natural mosaics utilizing exotic stones. Today the company's design continues to evolve, sourcing from distinct locales around the globe and featuring a range of natural stone mosaics, glass tiles and mosaics, as well as quarried stone tiles, mosaics, and wall claddings. Through its **Island Timber** division, the company crafts wall cladding from salvaged woods from historic buildings in Indonesia.
