Textured Surfaces Brings Cascade Collection Glass Tiles to Brilliant Life

New tiles from Island Stone brings the subtle movement of water across its surface

1 x 2 Straight Set mosaic in Midnight

(WATSONVILLE, CA, MAY 26, 2020) **Cascade Collection** glass tiles from Island Stone combine classic shapes with a textured finish to create subtle movement on the surface that mimics water. A dynamic alternative to matte- or gloss-finish glass tile, the custom engineered texture offers a compelling visual that is modern and fresh. The aesthetic is ideal for creating a retreat-like vibe on shower walls, kitchen backsplashes, interior and exterior accent walls, and more.

The tiles come in six nature-inspired colors—Midnight; Mojave; Oceana; Pure Silk; Stratos; Tule. The hues coordinate with Island Stone’s **Glass Essentials** line, allowing designers to easily mix and match the tiles along the wall and around the room. Three patterns are available: **1" x 2" Straight Set mosaic**; **2" x 8" field tile**; **6" x 12" field tile**.

“**Cascade Collection tiles bring texture to everyday life, transforming any space into a dreamy oasis. The effect is particularly striking in the shower, where the texture mimics water trickling over the glass.**”

about island stone

Island Stone has its origins in Indonesia, where company founders were inspired by the nation’s handicraft industry and natural stones to create the flagship **Perfect Pebble Tile**. The company’s original mosaics diversified into other natural mosaics, using exotic stones. Anchored in wanderlust for exploration, culture, and design, the company continues to evolve its creative use of natural and timeless materials, sourcing from distinct locales around the globe and featuring a range of natural stone tiles and mosaics, glass tiles and mosaics, as well as natural stone wall tiles and **timber** wall panels and cladding.
